

Privacy Policy

Effective Date: March 15, 2026

This Privacy Policy describes how GLPbase ("we," "us," or "our") handles information in connection with the website **GLPbase.com** (the "Site"). We aim to keep this policy clear and practical. By using the Site, you agree to the practices described in this Privacy Policy.

1. Who We Are

GLPbase is a U.S.-based health information publisher operating from **Texas, United States**. We provide educational and editorial content for a general audience. We are **not a medical provider**, pharmacy, telehealth provider, insurance company, laboratory, or emergency service.

At this time, GLPbase is not operated through a separate registered legal entity. If that changes, this Privacy Policy may be updated accordingly.

If you have questions about this Privacy Policy, you can contact us at:

Email: editorial@glpbase.com

2. Scope of This Privacy Policy

This Privacy Policy applies to information collected through the Site and related communications with us. It does not apply to information collected by third-party websites, services, or platforms that may be linked from our Site.

Because our Site publishes health-related content, we want to be especially clear: **reading our content does not create a doctor-patient or other clinical relationship with GLPbase.**

3. Information We Collect

We collect only limited information at this time.

A. Information You Voluntarily Provide

You may provide information directly to us when you:

- contact us by email;
- send editorial questions, corrections, or feedback;
- otherwise communicate with us.

This information may include your name, email address, the contents of your message, and any other information you choose to include.

Please do **not** send sensitive personal information or protected health information in email unless it is necessary for your inquiry. Email is not always a secure method of communication.

B. Information Collected Automatically

Like most websites, we and our hosting and infrastructure providers may automatically collect limited technical information when you visit the Site, such as:

- IP address
- browser type and version
- device type and operating system
- referring pages or URLs
- pages visited, date and time of access
- basic diagnostic, security, and performance information

This information is generally used for site delivery, caching, security, troubleshooting, fraud prevention, and performance optimization.

C. Information We Do Not Intentionally Collect at This Time

At present:

- we do **not** offer user accounts;
- we do **not** process payments;

- we do **not** run e-commerce transactions;
- we do **not** intentionally collect health records or medical files through the Site;
- our planned quizzes are intended to function **client-side only**, meaning responses are expected to stay in your browser and not be transmitted to us.

If these practices change, we will update this Privacy Policy.

4. How We Use Information

We may use the information we collect to:

- operate, maintain, and secure the Site;
- respond to inquiries and correspondence;
- improve site performance, usability, and editorial operations;
- detect, prevent, or investigate technical issues, abuse, fraud, or security incidents;
- comply with legal obligations;
- protect our rights, users, and the public.

We do **not** currently use personal information for behavioral advertising or user profiling.

5. Cookies and Similar Technologies

GLPbase currently uses only limited cookies or similar technologies that are necessary for website functionality, security, and performance.

A. Technical and Caching Cookies

Our Site is built on **WordPress** and uses **LiteSpeed Cache** for performance and **Cloudflare** as a content delivery network and security layer. These services may use technical cookies that help deliver pages efficiently, improve load speed, distinguish legitimate traffic from malicious traffic, and maintain basic security and performance.

These cookies are generally not used by us for cross-site tracking or advertising purposes.

B. No Tracking Cookies at Present

We do **not currently** use analytics, advertising, retargeting, or marketing cookies to track users across websites.

C. Browser Controls

Most web browsers allow you to block or delete cookies. However, disabling technical cookies may affect site performance or certain functionality.

D. Future Use of Analytics or Email Tools

We may later add tools such as Google Analytics, newsletter signup systems, or similar services. If we do, we will update this Privacy Policy to describe what data is collected, how it is used, whether cookies are involved, and what choices may be available to users.

6. Third-Party Services and Content Delivery

We rely on certain third-party service providers to operate the Site. Current third-party services may include:

- **Hostinger** — website hosting infrastructure
- **Cloudflare** — CDN, security, and traffic optimization
- **LiteSpeed Cache** — caching and site performance tools
- **Google Fonts** — fonts loaded externally from Google servers

Because Google Fonts are loaded externally, your browser may connect directly to Google servers when pages load, which may involve the transmission of technical information such as your IP address and browser details as part of normal web requests.

These third parties operate under their own privacy policies and terms. We are not responsible for the privacy practices of third-party services except as required by law.

7. Communications With Us

If you contact us at editorial@glpbase.com, we may retain your message and contact information as reasonably necessary to respond to your inquiry, keep editorial records, investigate issues you report, and maintain business and legal records.

We do not sell contact messages or use them for unrelated marketing at this time.

8. Health and Medical Privacy Clarification

GLPbase publishes health and medical information for **educational and informational purposes only**.

- We are **not** a doctor, clinic, hospital, pharmacy, or healthcare provider.
- We do **not** provide medical diagnosis, treatment, prescriptions, or individualized medical advice.
- Your use of the Site does **not** create a physician-patient, therapist-patient, pharmacist-patient, or other professional healthcare relationship with GLPbase.
- Information on the Site should not be used as a substitute for professional medical advice, diagnosis, or treatment.

Because we are not acting as a healthcare provider, information submitted through the Site is generally **not subject to HIPAA** in the way medical information submitted to a doctor or hospital may be. Users should avoid sending highly sensitive medical information through general contact channels.

If you think you may have a medical emergency, call emergency services or contact a qualified healthcare professional immediately.

9. How We Share Information

We do not currently sell personal information. We may share information in the following limited circumstances:

A. Service Providers

We may share information with vendors and service providers that help us operate the Site, such as hosting, caching, security, and email providers, subject to appropriate confidentiality and business-purpose limitations where applicable.

B. Legal Compliance and Protection

We may disclose information if we believe in good faith that doing so is necessary to comply with applicable law, enforce our terms or policies, protect our rights, property, systems, or security, or protect users, readers, or the public from harm, fraud, abuse, or illegal activity.

C. Business Transfers

If GLPbase is reorganized, sold, transferred, merged, or its assets are transferred, information associated with the Site may be transferred as part of that transaction, subject to applicable law.

10. Data Retention

We retain information only for as long as reasonably necessary for the purposes described in this Privacy Policy, including responding to inquiries, maintaining records, complying with legal obligations, resolving disputes, and enforcing our rights and policies.

11. Data Security

We use reasonable administrative, technical, and organizational measures to protect information under our control. However, no website, server, email transmission, or internet-based system can be guaranteed to be completely secure. Accordingly, we cannot guarantee absolute security, and you use the Site and communicate with us at your own risk.

12. Your Privacy Rights

A. General Rights

Subject to legal limitations, you may request that we confirm whether we process your personal information, provide access to personal information you have provided, correct inaccurate information, delete certain personal information, or explain how we handle personal information.

To make a request, email editorial@glpbase.com. We may need to verify your identity before responding.

B. California Privacy Rights (CCPA/CPRA)

If you are a California resident, you may have certain rights under the California Consumer Privacy Act, as amended by the California Privacy Rights Act, including the

right to know what personal information we collect, request deletion or correction, and receive equal service even if you exercise privacy rights.

At this time, we do **not** believe we sell or share personal information for cross-context behavioral advertising as those terms are defined under California law.

California residents may exercise applicable rights by contacting us at **editorial@glpbase.com**.

13. International Users

GLPbase serves readers internationally, but the Site is operated from the **United States**. If you access the Site from outside the United States, please understand that your information may be transferred to, stored in, and processed in the United States or other countries where our service providers operate. Those jurisdictions may have data protection laws that differ from those in your country.

By using the Site and providing information to us, you acknowledge and, where legally required, consent to such transfers and processing.

14. Children's Privacy

The Site is intended for a general audience and is **not directed to children under 13**. We do not knowingly collect personal information from children under 13. If you believe that a child under 13 has provided personal information to us, please contact us at editorial@glpbase.com, and we will take reasonable steps to delete the information if required.

15. External Links

The Site may contain links to third-party websites, including scientific sources, journals, clinics, telehealth providers, manufacturers, or other external resources. We are not responsible for the privacy, security, or content practices of those third-party sites. Your use of third-party websites is governed by their own terms and privacy policies.

16. Future Features and Policy Updates

GLPbase is a growing publication. We may add features or services in the future, including discussion forums or community features, newsletter or email subscriptions, analytics services, affiliate links to third-party telehealth providers, and interactive tools or quizzes.

If we add features that materially affect privacy practices, we will update this Privacy Policy accordingly.

Affiliate Disclosure

GLPbase may in the future participate in affiliate or referral programs. If we do, some links on the Site may generate compensation if users click through or sign up for services through third-party providers. Any such relationships will be disclosed in accordance with applicable law and advertising guidelines. We are not responsible for the privacy or business practices of affiliate partners, telehealth providers, or other third parties.

17. Do Not Track

Some browsers offer a "Do Not Track" setting. Because there is no universally accepted standard for responding to DNT signals, the Site does not currently respond to DNT browser signals in a standardized way.

18. Changes to This Privacy Policy

We may revise this Privacy Policy from time to time to reflect changes in our practices, technology, legal obligations, or business operations. When we do, we will post the updated version on this page and revise the Effective Date above.

Your continued use of the Site after any update means you acknowledge the revised Privacy Policy, to the extent permitted by law.

19. Contact Us

If you have questions, privacy requests, or concerns about this Privacy Policy, please contact:

GLPbase

Email: editorial@glpbase.com

By using GLPbase.com, you acknowledge that you have read and understood this Privacy Policy.
